

3rd Grade

Students need to use their I-Pads and create a picture using Hello Crayon. Open the app and click on the open button. Allow it to access your photos. Select a photo that you want to use to create with. Use the app to re-design and color your entire photo. Be sure to save the picture to show Mrs. Fields.

NO I-Pad

Monsters in the City

Draw the city. Add a door and rows of windows on the buildings. Draw signs on the buildings. Try to add a car, bike, or bus. Then be creative with your city. For example you could draw monsters in the city climbing buildings, or draw airplanes in the sky! The sky's the limit but please remember this is a drawing for school so please no weapons or fight scenes. Focus on drawing creative new monsters.
